COMPLAINT

~~X~~ I I, DAVID WOODRUFF am complaining about
hypnosis done on me by prison guards, including
Sargent Romero and officer Phillips and other
officers at the Wyoming State Penitentiary.

II I am also complaining about harassment
and sleep deprivation by these officers and others
done onto me. These officers and defendants are
making excessive noise outside my cell and
whispering and mumbling outside my cell about
twenty times a day.

III The defendants are reminding me of

things that occurred in my past and of images and recordings they exposed to me by opening my eyes when I was unconscious after they knocked me out with drugs or using physical force.

IV These officers are relatives (ROMERO) or child hood acquaintances (PHILLIPS), I describe more on this in my complaint 06-CV-102-J WOODRUFF vs Romero et al, USDC WYOMING. The case was dismissed so I petition this court for relief.

V The hypnotized images today were of a typewriter word processor machine and of a number of actors pretending to be killed one after another as they try to hunt an assassin. They already did the one with the Asian dragon dragging its balls in the street.

VI I already described how I was going to kill the officers at the prison.

VII The defendants are kidnapping me and refusing to release me from prison in spite of court orders to do so. They are trying to convince me that I am a multiple personality mentally ill schizophrenic * and that the only cure is imprisonment,

VIII I move for ^{a permanent injunction and} an emergency injunction and Temporary Restraining Order to keep these persons from working around me and at the Wyoming Penitentiary

IX I renounce, ~~and~~ cancel, ^{paroid,} and withdraw any authorization I might have given to receive the complained of treatment.

X I authorize the use of force, even deadly force, to enforce my rights without delay ~~or enforce~~ and to enforce any court orders benefiting me, or both, except ones that result in the complained of conduct in this complaint.

XI I want a written declaration whether my rights are violated

XII I claim my rights are violated under Article 4, section 4; 14th Amendment, section 1, clause 2; and 8th Amendment, cruel and unusual punishment clauses of US Constitution.

XIII I, DAVID WOODRUFF, certify under the penalty of perjury that the foregoing is true and correct
